This website is to help you find organizations and individuals dedicated to helping Bali in environmental sustainable and socially caring practices. Also to provide the means to connect with each other and where to find environmentally friendly sustainable products.

How to use the site.

How to use the site.

Organisation Search Using the key word select menu organisations can be sorted out via location ,and or what operations they may be involved in.

Our goal is to have every organisation on the Island listed in order to assist aid donors,government, like minded organizations, and caring individuals to be able to connect with the groups that they feel are of interest to them.

Product Search Besides searching for organizations both big and small, in order to further support a sustainable Bali there will also be a product search for socially fair and environmentally friendly products.

Within this website you will find a menu that looks like this , click on this and a menu of functions will appear
